

April, 2022

Dear Sponsor,

We hope this letter finds you well!

We have been working harder than ever these past two years. Despite all the things going on in the world right now our project remains helping dogs in Quito find homes, get medicine and all the help they need. New cases are reported everyday but there so much MORE we can do to help.

We need most help in finding **temporary or permanent homes** so we can bring in as many as we can! Also **Nexgard** and other meds for the terrible skin problems many streets dogs suffer from.

How can you help?

- Donating food and medicines (Nexgard, Advantage, other flea medicines or deworming medicines) and dropping them off at [Cafe Mosaico](#).
- Purchasing our reusable bags (online or at Cafe Mosaico).
- Donating on [our website](#) (one time or recurrent).
