## July 2022 Dear Sponsor,

We hope this letter finds you well!

This month Mican Project started a collaboration with Mundo Magico de la Mascota (pet shop), organizing an adoption fair once a month in CCI, in Quito. This space has opened up the opportunity to promote adoption to more people in the city. The more dogs and cats get adopted the more we can rescue and foster at our shelter Colitas Felices. The shelter is always at top capacity which makes it difficult for us to help more.

You can also help in finding temporary or permanent homes so we can bring in as many as we can!

How can you help?

- Donating food and medicines (Nexgard, Advantage, other flea medicines or deworming medicines) and dropping them off at Cafe Mosaico
- Purchasing our reusable dog or cat bags at Cafe Mosaico
- Donating on our website (one-time or recurrent).
- Sharing our posts on Instagram and Facebook.
- Sharing this newsletter
- Sharing our adoption catalog is updated every month on our website.
- Fostering.
