Mican Project's 2023 Review

Dear Supporters and Animal Advocates,

As we reflect on the strides taken in 2023, the Mican Project continues to dedicate its efforts towards the welfare and rescue of dogs in need. We are thrilled to share our endeavors and progress made possible through your unwavering support.

We invite you to further support our cause by visiting our new website at www.micanproject.org. There, you can make a difference by donating, fostering, purchasing Mican Project merchandise at Cafe Mosaico, or becoming a sponsor.

Your contributions directly assist in our mission to provide a safe haven and loving homes for these deserving animals. Don't forget to subscribe to our newsletter for regular updates on our initiatives and heartwarming rescue stories.

Together, we're making a tangible difference in the lives of these four-legged companions, and your continued support fuels our determination to create a world where every dog is cherished and loved.

With heartfelt gratitude,
The Mican Project Team

Adoption Ferias

Thanks to the generous sponsorship of Mundo Mágico de la Mascota, we've hosted vibrant Ferias every Sunday, creating a platform for adoptions and raising awareness about responsible pet ownership. The recent Ferias held at CCI in Quito were particularly impactful, allowing us to spotlight adoption initiatives and connect deserving dogs with loving families.

Medical Bills

Amid our successes, we've faced challenges in donation acquisition this year. However, our commitment to the well-being of our rescues remains steadfast. We've prioritized settling overdue medical bills, ensuring that our furry companions receive the care they deserve.

Lost and Found

In addition to our adoption efforts, the power of social media has played a crucial role. Through various Facebook channels, we've successfully reunited two lost dogs with their families, underscoring the impact of online platforms in facilitating happy reunions.

Donations

Monica Villacis's recurring food donation has been a saving grace, enabling us to sustain and nourish community dogs residing in Itchimbia Park until forever homes are found. The park has sadly become a frequent site for abandoned animals, and Monica's donation helps us care for these feral dogs.
